# LION PROTECT™

## The UK's Best Selling Hardboard

LION Protect is a slightly thinner hardboard that is well suited to protection applications. LION Protect can be used for the protection of floors and walls on construction sites and during renovations.

It is also highly suited for the needs of the packaging industry. Lion Protect is also available to order in thickness of 4.8mm and 6mm for those heavy duty projects.

## LION PALLET COVERS

Fit to standard pallet sizes (1000 x 1200, 800 x 1200, 600 x 800). Also other size available upon request, subject to volume.
